RE. Sure-Grip
Chagrin Falls, Ohio 44022

To Whom It May Concern,

Over the course of the last several months, we have introduced the Sure-Grip product after several of our restaurants floors had begun to become slippery. We were extremely afraid that one of our guests or employees would become injured. We reached out to Vic Lombardi and he and his team came out and demonstrated the product. The professionalism and knowledge that his team showed sold us on the spot, along with the information that was presented. We saw an immediate impact in a few short days.

We have been using the products in three of our concepts and the results have been fantastic. When used correctly, it makes a potentially dangerous situation into an easy to manage one. Sure-Grip has given us one less item to be concerned about in day to day operations. Please do not hesitate to contact me for any further information.

With warmest regards,

Bryan Kelley
